AWS, Azure, Docker, Kubernetes
PostgreSQL, MongoDB, Redis

EXPERIENCE

Staff Engineer · Analytical Engines — Apr 2025 - Present

London, UK

- Built backend services and REST APIs for an enterprise B2B ecommerce platform using Node.js and NestJS.
- Migrated 12 AWS Lambda functions into a centralized NestJS backend, cutting deployment time by 60%.

Engineer · Difference Co — 05/2024 - 01/2025

Leeds, UK

- Led a team of 5 to develop a machine learning powered Chrome extension.

Intern · Babbage Ltd — May 2024 - Jun 2024

- Researched AI-assisted antenna placement optimization.

EDUCATION

BSc, Mathematics — 2021 - 2025

University of London · GPA 3.9
